What We Do

OTC Brokerage

Our OTC brokerage service facilitates price discovery and liquidity formation in OTC markets by bringing together buy-side and sell-side market participants.

Commodity Contracts for Difference (CFDs)

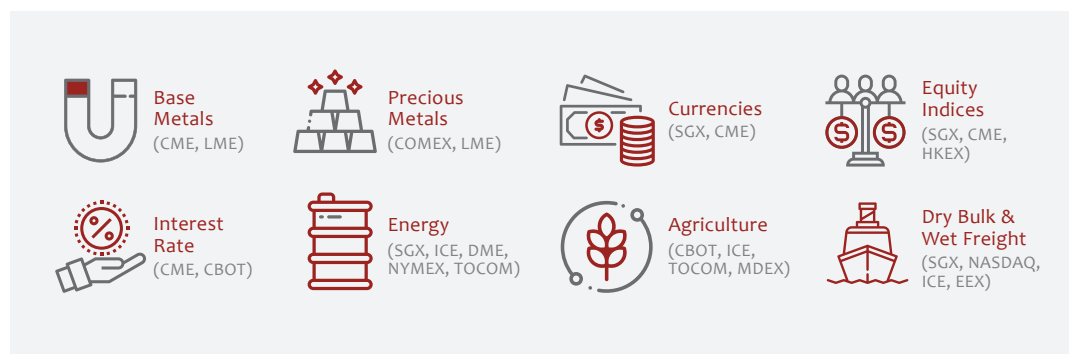

With CFDs, we provide electronic access to the various commodity venues, including those in emerging markets.

Commodity Hedging Solutions

We work closely to understand your hedging needs, identify market risks, to design bespoke hedging solutions.

Global Market Access & Clearing Services

Licensed by Hong Kong's Securities and Futures Commission (SFC) for Type 2 regulated activities, we can facilitate deals, clear and settle derivatives across various assets, commodity categories, exchanges and clearing houses globally, including but not limited to:

It is great
to be
with BPI.

Full-Service Broker

Our comprehensive products and services are thoughtfully designed to help you achieve more cost-efficient, hassle-free and streamlined trading. All your risk management & trading needs can be addressed in one single platform.

Trading Screen

Our platform combined with our co-location capabilities allows seamless and low latency access into global derivatives markets including SGX, CME and ICE.

Regulated

We hold a SFC Type 2 License in Hong Kong and have regulatory exemption from the Monetary Authority of Singapore to offer interdealer brokerage services for negotiated trading in commodity futures.

Round-The-Clock Support

Enjoy robust support wherever and whenever. From account maintenance to market intelligence to deal execution, we deliver the expertise to assist your risk management and trading needs.
